A transcript is a confidential document and cannot be released to a third party without the written consent of the student. Transcripts are not official without the stamp of the School.

ECTS Credits

ECTS is based on the principle that 60 credits measure the workload of a student during one academic year. The student workload of a study programme in Europe amounts in most cases to around 1500-1800 hours per year and in those cases one credit stands for around 25 to 30 working hours. Student workload in ECTS consists of the time required to complete all planned learning activities such as attending lectures, seminars, independent and private study, preparation of projects and examinations.

Course Numbering System

The letters preceding the numbers indicate the department or subject area. The three numbers indicate the level and sequence of courses within the programme.
